Evidence — Lab 04: Connect the Tools and Check Compatibility

Claude Cowork for Digital Marketing · Day 1 · Use Claude Code

Capture a screenshot or file for each line. Evidence beats a description.

- □ /mcp lists Google Drive, Gmail, Google Calendar and Firecrawl; /plugin shows Marketing.
- □ Five checks ran, each by its own agent.
- □ The Gmail test is a draft in your inbox — nothing was sent.
- □ The analyst read the CSV from Drive, not from the local folder.
- □ Each agent's tools line names only the connectors its job needs.
- □ The compatibility matrix gives every row a status, and a fix for anything not Compatible.

Notes

What did not work first time, and what you changed:

What you did NOT verify:
